Need a strong leader to guide India: Jaishankar

External Affairs Minister says 'Operation Kaveri' was the most challenging rescue operation

Union Minister of External Affairs S. Jaishankar lighting the lamp to inaugurate the Interactive Session in city this morning as** (from left) **Dr. Usha Venugopal, Maadhurya Ramaswamy and Chethan of Thinkers Forum and** Star of Mysore **Managing Editor & Session Moderator Vikram Muthanna look on.

Mysuru, May 7 (BS)- Union Minister of External Affairs, S. Jaishankar spoke extensively about the challenges faced during 'Operation Kaveri,' which was launched to evacuate Indians from civil war-hit Sudan and said that the task was most complicated for various reasons.

Speaking at an interactive session on 'Foreign Policies of Modi Government' organised by Thinkers Forum Mysuru at Karnataka State Open University (KSOU) Convocation Hall this morning, Jaishankar listed out certain inner details of the operation.

"Operation Kaveri started on Apr. 15 and involved the evacuation of 4,000 Indians, including 11 to 12 percent of them from Karnataka. To ensure their safety, 17 Indian Air Force flights were deployed, and several sorties of ships were done," he said. He also described the extent of risks taken to ensure the safety of the countrymen.

A high-risk operation

The Minister also highlighted that 'Operation Kaveri' was unique in its complexity compared to previous operations due to various reasons. When the civil war broke out in Sudan, several foreign embassies evacuated their offices in the country, but India decided to stay and ensure the safety of its citizens. The Indian Ambassador and team worked tirelessly to address the crisis, while the Indian Air Force took the risk of landing aircraft on an airstrip where a previous flight was shot at, he revealed.

"Moreover, the operation required the hiring of 60 to 70 buses and the purchase of petrol in the black market, making it the most complicated evacuation operation ever undertaken by India in recent times," he said.

JD(S) MLC appeals people to vote for Congress

Marithibbegowda

Mysuru, May 7 (GA&DM)- JD(S) MLC Marithibbegowda has appealed the electorate to vote for Congress candidates in the May 10 Assembly polls.

Addressing a press meet at Patrakaratara Bhavan here yesterday morning, Marithibbegowda, who has maintained a distance from the JD(S), on which ticket he was elected as the MLC from South Teachers Constituency, appealed the people not to give any scope for a hung Assembly and to support the Congress candidates for providing a stable and able Government.

Pointing out that the State Assembly has been throwing hung verdicts for the past several years (barring 2013), the MLC said that coalition Governments that were formed since 2004 have failed to deliver. As such, the electorate should be wise enough and vote for Congress to save democracy and ensure a capable Government that delivers on poll promises.

Replying to a question on why as an MLC elected from the JD(S) he was campaigning for the Congress, Marithibbegowda said he is miffed with the JD(S) leadership and as such he has maintained a distance from the party for over two years.

Charging the BJP Government of total failure and misrule, he said he might formally join the Congress after the Assembly polls.

Leaders Shankaregowda and Jayaram were present.

EDITOR'S BOTTOMLINE

The election manifestos are out and the three major parties — the BJP, Congress and JD(S) — are going all out to woo Karnataka's voters for the coming Assembly elections on May 10. With 224 seats at stake in the Vidhana Sabha, each party is looking at getting a majority and the outcome in the State could well portend what happens in the upcoming Lok Sabha elections in 2024.

But how do the political parties' manifestos weigh in on the three pillars of sustainability: economic viability, environmental protection and social equity, also referred to as the three P's — people, planet and profit?

Do the manifestos make promises of better educational opportunities, sustainable livelihood opportunities and better living conditions for all their people? Do the manifestos promise to reduce and reverse the ill effects of climate change in the State? Do the manifestos promise motorable roads, cycle tracks and electric vehicles to reduce pollution, waste management, solar power and rejuvenation of the existing lakes?

Long before the political parties made their manifestos public, NGOs and citizen groups released their own manifestos with wish-lists for protecting the State's ecology and environment.

So, going back to the three pillars of sustainability — economic viability, environmental protection and social equity — how economically viable are the various welfare schemes the parties have come up with to create social equity? As much as social equity is one of the pillars of sustainability, so are economic viability and environmental protection. What is needed is a balance between the three pillars.

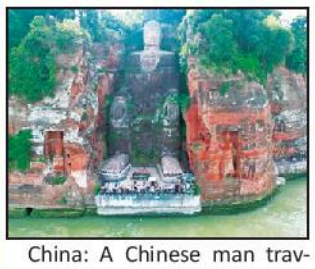
The voters, whether rural, urban, poor, middle class, or rich, all want the same thing: opportunities to earn a decent livelihood and improve the living conditions of their families.

Finally, who wins the race will be known on May 13, but what we can hope for is that whichever party comes to power keeps its promises and works towards creating a vibrant and self-reliant State.

—Janaki Murali in Deccan Herald

NEWS SPARKLERS

Travels 2,000-km for his wishes to come true



China: A Chinese man travelled 2,000 kilometres to the Leshan Giant Buddha to make sure all his wishes come true. A video which is going viral on Chinese social media shows a man holding a big Airpod-shaped speaker blasting out his prayers in front of a giant Buddha statue.

South China Morning Post reported that a video from April 25 shows a man, surnamed Zhang holding a speaker beside the ear of the 71-metre-tall Leshan Giant Buddha and raising the volume on his phone so that the deity could hear him and his wishes loud and clear.

"Do you know, giant Buddha, I'm 27 years old and I don't have a car, a house or a girlfriend," Zhang shouted.

He then made his wish: "Firstly, I want to be rich. I don't need much. 10 million yuan (Rs. 11.81 crore) is enough. Most importantly, I want a girlfriend, who is just a little bit pretty, tender and loves me rather than my 10 million!"

World's longest friendship bracelet

Texas: A Texas elementary school broke a Guinness World Record when students spent four months assembling the world's longest friendship bracelet.

The McKinney Independent School District said students at Valley Creek Elementary School started work on the woven ribbon bracelet Nov. 7 and completed the 2,795-foot, 9-inch bracelet March 3.

Colours chosen for ribbons reflected the school colours for Faubion Middle School and McKinney High School, where most Valley Creek students will likely attend. The bracelet was laid out on the school district's football field and measured by a crew from Underwood Drafting and Surveying.

It was found to have officially broken the Guinness World Record of 2,166 feet and 11 inches.

HEALTH CAPSULE

Myth: Calcium supplement causes renal stone

Fact: Calcium intake in moderation would prevent stone as it binds to oxalate and prevent its absorption in intestine.

Pradhan Mantri Ujjwala Yojana is bogus: Congress

Mysuru, May 7 (PM&DM)- Even as the BJP is highlighting one of its flagship initiative — Pradhan Mantri Ujjwala Yojana (PMUY) — in its poll campaign, KPCC Women's State Wing Chief Dr. Pushpa Amarnath has termed the Ujjwala LPG gas scheme as a bogus one.

Addressing a press meet here on Friday, Dr. Pushpa said that the Ujjwala scheme aimed at providing LPG connections to women from BPL households is a farce as LPG prices have been skyrocketing for the past few years. Pointing out that rising inflation and soaring prices of essential commodities have been badly hurting households, with women bearing most of the brunt, she appealed the voters to elect Congress candidates in order to ensure ease of living.

Asserting that the Congress guarantee cards are a historic one, she said that the price of a domestic LPG cylinder has crossed over a thousand rupees, which is pinching the pocket of common man.

Charging the State BJP Government of rampant corruption and maladministration in the past 4 years, she alleged that BJP had failed to fulfil even 10 percent of its poll promises.

Accusing the BJP of spreading a false propaganda that former CM and Varuna Congress candidate is anti-Dalit, she said that the BJP's efforts to defeat Siddharamaiah in his home turf will go waste as the former CM is sure to win.

Senior Congress leader and former Minister Rani Satish appealed the people to vote for the Congress and throw out the ruling BJP from power.

Party leaders Manjula, Pushpavalli and Pushpalatha Chikkanna were present at the press meet.

VOICE OF THE READER

Install jersey barriers on Valmiki Road from Maharani's College to Marigudi Junction

Sir,

The jersey barriers should be installed from Maharani's College to Marigudi Junction on Valmiki Road, near Regional Commissioner's official residence, with "No Parking" restrictions.

The barriers will stop the speeding motorcycle riders (boys) moving recklessly on this road during college hours in the morning and evening, with one or two having modified silencers producing raucous sound, which is a nuisance for the residents of this road. Also, now cars and tempos are parked on roadside which can be stopped if the road is made "No Parking" zone.

The Zebra crossing should be painted at the junctions for college students to cross the road safely.

Residents are impressed with development work

Chamaraja BJP candidate L. Nagendra

With just hours to go before the elections, the Chamaraja Assembly Constituency, a vital part of the Cultural Capital of Mysuru, is witnessing hectic politics. The fight has narrowed down to the natives of Kannegowdana Koppal (K.G. Koppal), turning it into a battle for prestige.

The 59-year-old incumbent BJP MLA L. Nagendra, is seeking re-election and is leaving no stone unturned to outsmart his rivals by playing his cards close to his chest since the election was announced. He is tirelessly seeking votes in his favour, visiting every nook and cranny of the Constituency daily.

Nagendra, son of late Lingaiah and a resident of First Cross, 11th Main, Jayanagar in city, received his early education at Hardwicke School. Later in life, he became a Corporator of the Mysuru City Corporation (MCC) and served as the Chairman of the Mysuru Urban Development Authority (MUDA), gaining vast administrative and political experience.

Luckily, Nagendra was elected to the Legislative Assembly in his maiden electoral fight in 2018 with a thumping victory. He reaffirms his faith in the development works undertaken in the Constituency that will help him return to Vidhana Soudha.

Despite his busy schedule in the hustings, Nagendra took some time to speak to the Star of Mysore (SOM) about the development works initiated in the Constituency during his last five-year tenure as an MLA.

By Mohan Kayaka

SOM: What's your take on getting an opportunity again to contest the polls?

Nagendra: Firstly, I am an obedient and honest worker of the BJP. Based on the scale of development work carried out in the Constituency in the last five years, our national and State leaders have granted me the opportunity again. I am largely indebted to them and will work to keep their faith intact.

SOM: How is the voter response this time?

Nagendra: I am 100 percent confident of winning the elections again as the people of the Constituency are also impressed by the way I have developed it. Wherever I go for canvassing, the response is good. I have given due priority to streamlining the road, drainage, and UGD systems.

L. Nagendra

SOM: By now, you may be aware of various issues in the Constituency.

Nagendra: It's not possible to anticipate all the problems that may arise in the future. However, the most serious issue in the Constituency is related to the erratic water supply, which comes under the purview of the MCC. Besides this issue, there are no other serious problems in the Constituency. I have worked in such a way that nobody can even cite an instance of issues plaguing the people.

SOM: What will be your first priority after winning the polls?

Nagendra: More than our priority, what counts more is the needs of the people, and I will work accordingly. I have always prioritised the requirements of the general public and will continue to do so in the coming days. Hence, people are impressed by my working style.

SOM: What do you want to assure voters this time?

Nagendra: My focus will be on addressing job-related issues that have become a serious problem due to the rapid growth of Mysuru City. I will also prioritise tourism development and bring in reforms in the health sector. Building Ashraya Houses and making the Constituency hut-free are also among my promises. My biggest ambition is to make Chamaraja the best zone with high-tech basic amenities and I am confident that people will bless me again to reach this goal.

SOM: Have the voters pointed out any serious issues?

Nagendra: The people themselves have stated that there are no burning issues in the Constituency. However, it has come to my notice that some localities are still facing disruptions in drinking water supply. Mysuru is a cultural city and we are making efforts to permanently resolve UGD-related issues.

SOM: How are you attracting young voters in the Constituency?

Nagendra: The youth in our Constituency are inspired by the leadership of Prime Minister Narendra Modi and are joining the party in large numbers. We have a strong support base among the youth and many young organisations have joined hands with the BJP Yuva Morcha to work towards our common goals.

BJP is a platform for young people and the Prime Minister himself has introduced programmes that cater to the aspirations of the youth. We are reaching out to them through social media, public meetings and other platforms to ensure that their voices are heard and their concerns are addressed.

Assembly Polls: Over 700 volunteers deployed to help people

Mysuru, May 7- To help specially abled persons, pregnant women, senior citizens and others to exercise their franchise, over 700 volunteers have been deployed to help them, said Deputy Commissioner (DC) Dr. K.V. Rajendra, who is also the District Electoral Officer.

He was speaking during the training programme for the booth volunteers of Chamaraja, Chamundeshwari, Krishnaraja and Narasimharaja Constituencies, organised jointly by the District Administration, District Systematic Voters' Education and Electoral Participation (SVEEP) Committee and the Office of the Deputy Director of the Department of Public Instruction at the Centenary Bhavan in Sarada Vilas College yesterday.

Pointing out that these volunteers will help the specially abled persons, senior citizens by providing them wheel chairs, drinking water, take care of the seating arrangements at the waiting room, see that those standing in queues cast their votes without facing problems and provide information about the rooms the voters have to go to vote, the DC said that National Service Scheme (NSS) and Scouts and Guides teams and students will be providing voluntary service.

DC Dr. Rajendra instructed the volunteers to assist polling officials, create a peaceful atmosphere for the voters to exercise their franchise and discharge their responsibilities effectively.

Zilla Panchayat CEO and District SVEEP Committee Nodal Officer K.M. Gayathri, who also spoke, created awareness on the responsibilities of students at the booths. She asked the volunteers to work effectively and join hands with the District Administration. A demonstration on the works to be taken up by the students in polling booths was held on the occasion.

DDPI Ramachandra Raje Urs, BEOs N.A. Malleshwari, Krishna, C.N. Raju and others were present.

Lotus will bloom in Varuna beautifully, says Somanna

'Siddharamaiah and son ruling Varuna like feudal lords without any basic development'

Mysuru, May 7 (PM&BCT)- The BJP has pitted senior Lingayat leader and Minister V. Somanna against senior Congress leader and former CM Siddaramaiah in Varuna with the hope that Somanna would turn out to be the 'giant slayer'.

Accepting the challenge, Somanna has been intensely campaigning and has been receiving overwhelming responses from the people and this has boosted his confidence. The same attitude was displayed when he was speaking to media persons during an interaction organised by Mysuru District Journalists Association (MDJA) at Patrakarthara Bhavan in city this morning.

"Siddharamaiah and his son Yathindra Siddharamaiah have neglected Varuna and have been ruling the area like feudal lords with the help of 50 to 60 people. There are no basic facilities in Varuna despite the father-son rule of 15 years. Not even one good road in any area of the vast Constituency. There are no good schools, colleges and there are no bus services for most places and people still walk long distances with headloads of weight," Somanna said.

Luck factor

Launching a blistering attack on Siddharamaiah, Somanna said that the former CM was lucky and as such, he has been elected by the people despite the fact that he has neglected his Constituencies. He did not do anything for Chamundeshwari, Varuna and Badami. Still, people have voted for him and this is because he has been a lucky politician," Somanna charged.

Minister V. Somanna, flanked by MDJA President S.T. Ravikumar (right) and General Secretary M. Subramanya, interacting with the media at Pathrakartara Bhavan in city this morning.

"I have promised the people of Varuna to do a Govindarajanagar as the Constituency has tremendous scope to be a second Mysuru. Siddharamaiah has no proof whatsoever to show he has developed Varuna and as such, he has dubbed me as an 'outsider' with 'no links'. People of Varuna will respond to this," he added.

"I am not new to Varuna. I will repeat the work carried out in Govindarajanagar which is number 1 in Karnataka State with respect to development. I have told the people that you have given 15 years' time for Congress but all I seek is one term or 5 years to make a difference. I have apprised myself of the shortcomings in the Constituency, will prepare a blueprint and chalk out an action plan to shore up infrastructure and bring about the change," he said.

Siddharamaiah has totally ignored Varuna that has spread across three taluks — T. Narasipur, Nanjangud and Mysuru. Seven ZP Constituencies come under Varuna but Siddharamaiah did not bother to visit the ZP seats and speak to the people about their difficulties, he noted.

"Many farmers in Varuna are not getting water from Varuna Canal for irrigation but the issue has not been addressed all these years. Forget that even the Mysuru Airport that comes under Varuna didn't see development for many years despite having Siddharamaiah as CM and the BJP Government had to come to improve the airport," he said.

Ridiculing the former CM for bringing a line of film actors to campaign for him, Somanna said, "If at all Siddharamaiah and his son had developed Varuna, this pathetic situation for a former CM would have been avoided," Somanna said.

Replying to a question if the BJP high command had made him a scapegoat, Somanna said, "The high command has sent me to develop Varuna. I never dreamt that the overwhelming reception for me in a former CM's Constituency will be this warm and enthusiastic. The people of Varuna have answered my critics and the people have realised the difference between Somanna and Siddharamaiah. You will get the answers on May 13."

MDJA President S.T. Ravikumar, City Vice-President Anurag Basavaraj, General Secretary M. Subramanya and others were present.

Vehicle facility made to ferry polling officials, staff to mustering centres

Mysuru, May 7- Polling officers and micro observers have been appointed at various polling booths on the day of voting (May 10) and the officials who are discharging their duties at the respective Assembly Constituencies have been deployed to other Assembly segments and the District Administration has provided free transport facility for these officials.

The vehicles will leave between 6.30 am and 7 am from Pushpa Vidya Samsthe on Gonikoppa Road in Periyapatna; Government First Grade College at K.R. Nagar; St. Joseph's School at Hunsur town; St. Mary's English Medium School at H.D. Kote; Government Boys PU College at Nanjangud; Maharani's Arts, Commerce and Science College on JLB Road in Mysuru; Maharaja College Centenary Bhavan on JLB Road in Mysuru; Baden Powell School at Scouts and Guides premises in Mysuru; JSS College on Ooty Road in Mysuru; JSS First Grade College at Deviramanahalli in Nanjangud and from Vidyodaya Shikshana Samsthe at T. Narasipur.

MCC revises water bill payment timings

Mysuru, May 7- The Mysuru City Corporation (MCC) has revised the water bill payment timings in all its 17 cash counters across the city with immediate effect.

According to the revised timings, the water bill cash counters will now be open from 9 am to 1.30 pm on all working days. Earlier, the timing was from 9.30 am to 2 pm.

The revision has been effected in order to enable the staff to remit daily cash collection at Banks the same day itself. The residents of the city are asked to take note of the revised timings, according to a release.

Need a strong leader to guide India: Jaishankar

Union Minister S. Jaishankar addressing the gathering during an interactive session on 'Foreign Policy of Modi Government' today at KSOU Convocation Hall in city.

(Continued from page 1)

However, India also received help from several other countries, including Saudi Arabia, England, and the United Arab Emirates, which was made possible by India's strong relationships with these nations, said Jaishankar.

He highlighted the importance of being prepared to face challenges before a catastrophe hits. He spoke about India's efforts during the COVID-19 pandemic, where the External Affairs Ministry worked in three shifts of eight hours each to bring back 70 lakh Indians stranded in different parts of the world. "At that time, you all worked from home," he said, lightening the atmosphere.

'Made in India' vaccine

India also extended help to other countries by supplying the 'Made in India' vaccine against the pandemic, which made a significant difference and was appreciated by many countries, including those in the Caribbean region, according to Jaishankar.

Mincing no words, Jaishankar said: "The world appreciates India. We are capable on many fronts, but what is needed is leadership and motivation. We need capable leaders to take the country ahead. To mention of the country's recent capabilities, Covaxin the indigenously made vaccine against COVID is here, followed by the 5G network and the digital revolution, which all have made India a different country."

During the session, Jaishankar also expressed his appreciation for Karnataka as one of the most globally connected States in India.

Managing Editor of *Star of Mysore* and *Mysuru Mithra* Vikram Muthanna, who is known for his column 'In Black & White', moderated the interactive session. He thanked Jaishankar for deriving the name for 'Operation Kaveri', from the river by the same name that originates in the State and flows a few km from here.

Maadhurya Ramaswamy, a member of Thinkers Forum Mysuru and an artist, presented Jaishankar with a painting of Lord Ganapathi.

Other notable attendees included *Padma Bhushan* awardee Dr. S.L. Bhyrappa, Founder Editor of *Star of Mysore*, *Mysuru Mithra* K.B. Ganapathy and educationist R. Vasudev Bhat.

Convenor of Thinkers Forum Darshan Raj and Dr. Lakshmi Narasimhan were present.

'I am a good host for a good guest'

Mysuru, May 7 (BS)- Union Minister For External Affairs S. Jaishankar delved into various issues, especially his recent tough talk on cross-border terrorism with his Pakistan counterpart Bilawal Bhutto Zardari in attendance at the recent Shanghai Cooperation Organisation (SCO) meet held at Goa, which had hit headlines.

Jaishankar was sharing his views during an interactive session in the city this morning that was moderated by the Managing Editor of *Star of Mysore* and *Mysuru Mithra* Vikram Muthanna.

The event was organised by Thinkers Forum Mysuru, at KSOU Convocation Hall.

"He (Bilawal Bhutto) spoke about our policies, Kashmir issue, BBC documentary, G-20 and all, except the finer details of the meeting. If we have a good guest, I am a good host," said Minister Jaishankar, defending his witty remark that sent the gathering into peals of laughter.

When asked about the experience and differences he could point out, for having worked under Prime Minister Narendra Modi and his predecessor Manmohan Singh, Jaishankar said, "I had served as Indian Ambassador to USA and Singapore during the tenure of Manmohan Singh. But, it is hard to draw a comparison between the two, as working under each was an experience of a different kind."

He (Jaishankar) also succinctly said, "To be a diplomat one has to be patriotic and optimistic and as a Minister should deal with the situations both with a 'thick skin' and 'thin skin' approach. Though the situations look grim, they aren't tough as every problem has a solution."

Sixth edition of TECHgium by L&T Technology Services

Over 31,000 students register from 475 engineering colleges

Mysuru, May 7 (BCT)- More than 31,000 students registered from more than 475 engineering institutes across the country in TECHgium, a popular academia-industry engineering innovation hackathon hosted by L&T Technology Services (LTTS). The sixth edition of the annual technology competition concluded at the Mysuru campus of the LTTS recently.

TECHgium is India's largest innovation platform for engineering students with a prize money of Rs. 20 lakh with the top winner taking away Rs. 10 lakh.

In the sixth edition this year, the team from Vishwakarma Institute of Technology, Pune, was declared the winner for creating an alginate-based bioplastic for food packaging application. The first runner-up was the team from Sri Krishna College of Engineering and Technology, Coimbatore, for developing a plug-in kit for ready charging.

The team from IIT Guwahati was adjudged the second runner-up for their solution on an electromechanical charging device. There was also a special jury awarded to Sri Krishna College of Engineering and Technology, Coimbatore, for engineering an autonomous warehouse robot.

The two-day event focused on the themes of sustainability, unmanned aerial vehicles, medical diagnostics, compute vision, analytics, electric vehicles and related infrastructure and wireless transmission. It aims at encouraging aspiring engineers to gain exposure to real-world problem statements and showcase their innovative ideas and solutions to address industry challenge statements.

Participants went through a rigorous process that lasted nine months during which students were mentored by technical and subject matter experts from LTTS. After multiple rounds of evaluation and ideation, leading to the evolution of proofs-of-concept (PoCs), the final 25 engineering teams were shortlisted.

The finalists exhibited and presented their working prototypes to a jury comprising industry veterans, academicians and analysts. The finalists presented PoCs on a wide range of cutting-edge technologies, including bio-composite material using alginate, autonomous warehouse robots, plug-in-kit for ready charging, X Ray-based artefact detection and removal and early detection of muscle cramps using electromyography, among others.

Abhishek Sinha, Chief Operating Officer and Board Member of LTTS said, TECHgium provides an opportunity for aspiring young engineers to exchange ideas and collaborate. "This year, the event is all the more special since it was held at our Mysuru campus, one of LTTS' oldest campuses and a hub for engineering innovation. It is encouraging to see the level of enthusiasm and creativity displayed by young engineering minds with their innovative and out-of-the-box thinking."

People are upbeat as my victory is certain

Chamundeshwari JD(S) candidate G.T. Devegowda

One of the keenly watched constituencies that is going to polls in the Mysuru district is Chamundeshwari where incumbent MLA G.T. Devegowda is vying for a hat-trick win this time around. He has won the elections from here in 2013 and 2018. As per the 2011 census, 60.79 percent are rural voters while 39.21 percent are urban voters. Seventy-three-year-old G.T. Devegowda hails from Gungral Chatra village in Yelwal hobli and is the son of late Thammegowda. Though studied till the eighth standard, he has successfully served in the Co-operation and Education Ministry in the previous Governments.

His electoral debut was in 2004 when he contested from Hunsur on a Congress ticket and entered the Vidhana Soudha. The same year, he contested the MP election against Srikantadatta Chamaraja Wadiyar but lost by a small margin. He is on a mission mode to regain the confidence of the voters based on the development work done in his Constituency and also the deep-rooted connection with the people. Star of Mysore spoke to him on his electoral prospects. Excerpts:

G.T. Devegowda

By S.B. Devaraj

Star of Mysore (SOM): People have blessed you twice and what are your prospects this time around? Every election is different and how is the milieu this time?

G.T. Devegowda (GTD): I have seen tremendous enthusiasm throughout my Constituency and at most of the places where I had been for canvassing, I have been accorded a 'poornakumbha' welcome, the tradition of the land. I have been showered with lots of love and affection. They are telling me that they would vote for me even before I seek votes from them. People have the sole intention of making H.D. Kumaraswamy the Chief Minister and this resolve has increased my confidence.

As I said, I have been getting a rousing welcome with a festive atmosphere wherever I go and notably, it is the people of my Constituency who are seeking votes in my favour. Do I have to say more than this? And even in the Mysuru urban areas that come under my segment, people are canvassing in large numbers on my behalf.

SOM: You have enough political experience and with this, have you been able to feel the pulse of the people?

GTD: The people of Chamundeshwari have been my biggest support. They stood firmly by me and even at this juncture, they are with me, extending their unflinching support. During one of the election rallies, one priest announced aloud with lots of love and regards that no other candidate can win here when G.T. Devegowda is contesting. I have been supported by all communities and everyone has expressed their desire to re-elect me.

SOM: What is your biggest contribution to Chamundeshwari?

GTD: People of the Constituency had placed a demand before me that all the houses must have water supply daily and uninterrupted. Taking the demand to the State Cabinet, I and H.D. Kumaraswamy planned Rs. 545 crore Hale Unduwadi Drinking Water Project and implemented the same after making the initial budgetary allocation.

The work is in progress as subsequent Governments took over and 60 percent has been completed. Along with this, recently, Rs. 200 crore drinking water project is being implemented in Hunsur and more funds are needed for completion. These two projects are my biggest contribution.

SOM: What are the other issues in Chamundeshwari that are yet to be completed?

GTD: The underground drainage (UGD) works have to be prioritised. Almost all the outskirts areas of Mysuru city come under Chamundeshwari and there has been tremendous development. Apart from the Government layouts, there are many revenue layouts and also private layouts and as a result, people have bought sites and have constructed houses but do not have UGD, roads and septic tanks.

Chamundeshwari is a big Constituency and comprises an area of over 100 kilometres and even under the 43-km Ring Road, we can find areas that belong to three Constituencies. This apart, we have Vijayanagar Third and Fourth Stage, Roopanagar and Sharadadevinagar. Basic facilities have to be ensured here and the project to fill water to lakes is pending. I have managed to initiate the development works worth thousands of crores of rupees but there is still, work to be done. I have a vision of building the Chamundeshwari segment like the Maharajas built Mysuru.

SOM: What are the problems expressed by the residents during your campaigning? And why the people must re-elect you?

GTD: What I find wherever I go is the unconditional love and affection showered on me by people — elders, men, women and youths alike — and they have made it clear that they will ensure my victory. Though they are not open about the problems they are facing, I am aware of what needs to be done. As it is a big Constituency, I have been working on development in phases. And people are aware of this.

I have grown amidst the people and they have faith in me as I have done development works in the past and they know for sure that I will continue to work for the betterment of people. I have not achieved overnight growth but I have grown slowly, being rooted in ground realities. People know very well that they can come and meet me and I would not shy away but respond during their time of distress.

SOM: In Chamundeshwari, youths and first-time voters play a decisive role. How are you attracting their attention?

GTD: As said earlier, the youths are openly supporting my candidature and they are canvassing on my behalf. They are spreading messages on social media. I have compassion for the poor and as my segment has vast landed properties, agriculture forms the backbone and I and my party (JD-S) want to work for the farmers and also the youths, some of them are into agriculture.

H.D. Kumaraswamy has a vision for the youth of Karnataka and the citizens by providing them with jobs after skill training, aid for the elderly and women, and a hike in the old age pension. We will fulfil the promises made during our Pancharatna Rathyatra — free education, free healthcare, initiatives for farmers, employment for a member of each family and housing for all ▪

'Chunavana' app

for all queries related to polling, voting booths

Check about parking spaces near polling booths; Also how many people are in voting queue

Bengaluru, May 7 (Agencies)- The Election Commission has released the 'Chunavana' mobile application which will provide all information related to the Karnataka Assembly elections.

It will offer the user's polling booth location, navigation to the polling booth, candidate information, polling officers' details, the queue at the polling station on a real-time basis, available parking space and nearby emergency facilities.

The app will also enable aged and physically challenged persons to book wheelchair and pickup facilities. It is a one-stop solution for all queries related to polling and polling stations and has eight different features that will come in handy for any voter who steps out to vote on May 10. Currently, the app is available on the Android platform. It will be available to iPhone users as well.

Voters can have access to information pertaining to their polling station or polling officials just by typing their Electoral Photo Identity Card (EPIC) number. The app is based on the GIS (Geographic Information System) application and all the part lists (area-wise voters) have been digitised and mapped. Users only need to enter their EPIC number and the app will direct them to the designated polling booth using Google Map.

Voters can navigate their way to the booth using the app. Also, the app will have a list of candidates that voters can verify before heading to the booth. The app will also have the mobile numbers of electoral officers at their voting booths.

Apart from enabling users to find information about parking spaces around the polling booths, voters can also check how many people are in the queue at polling booths as the details are updated every 15 minutes.

To reach out to specially-abled voters and help them exercise their voting rights, the 'Chunavana' app will offer the option to avail cab services and wheelchairs. The option can be availed by the specially abled voters as well as those above 80 years. They can raise their request before midnight of May 8.

Ensure transparency in vote counting

Myusru, May 7- With the counting of votes of the Assembly polls for all the 11 Constituencies of the district scheduled to take place on May 13, Deputy Commissioner (DC) Dr. K.V. Rajendra, who is also the District Electoral Officer, has asked the counting officials to ensure transparency in the counting of votes that will take place at Maharani's College of Commerce and Management for Women on Valmiki road in the city.

He was addressing the counting centre heads and supporting staff at the training held at Kalamandira on Saturday.

"The counting process should not be done in a hurry and must be done with patience. Just as the polling staff ensure a free and fair polls, counting staff too must do their job in a transparent manner," he said adding that all the assigned staff should not leave the counting table until the results are announced.

Asking the counting staff not to carry their mobile phones on that day, he said that the assigned staff should do their job in keeping with the procedures.

Pointing out that the counting process is a simple one, he told the officials not to get unnecessarily confused and to bring to the notice of the Returning Officer in case of any complications or problems.

The counting of votes will commence at 8 am on May 13 in the presence of poll observers, he said adding that counting assistants must correctly understand the procedures to be followed and function in accordance with that. Additional DC Kavita Rajaram and other poll officers were present.

Voter awareness for industrial workers

In a bid to ensure maximum voting in the May 10 Assembly polls, the District Administration in association with SVEEP Committee, held a voter awareness campaign in more than a hundred industries located in Koorgalli, Belawadi, Hebbal, Kadakola Industrial areas of the city and at Tandavapura Industrial area in Nanjangud.

The campaign covered more than 12,000 industrial workers and staff of over a hundred industries. All the staff were administered oath on mandatory voting.

DC Dr. K.V. Rajendra, ZP CEO K.M. Gayathri, Joint Director of the Department of Industries and Commerce Dinesh and other officials were present on the occasion.

Revoke illegal land conversion permissions granted in Kodagu

Environment and Health Foundation issues legal notice to Kodagu DC; files plea in High Court

Mysuru, May 7 (GA&BCT)- The Environment and Health Foundation (India) has filed a Writ Petition in the Karnataka High Court in order to stop commercial land conversions in Kodagu and as a related step, a legal notice has been issued to the present Deputy Commissioner of Kodagu, Dr. B.C. Sathish, asking him to revoke the illegal land conversion permissions given by him, in violation of the High Court order and also the Karnataka Land Revenue Act, 1964.

This was disclosed at a recent press conference held at Pathrakarthara Bhavan in Mysuru by Foundation Secretary Col. (Retd.) C.P. Muthanna.

Accompanied by advocate Deepak and Foundation Convener Roy Bopanna, Col. Muthanna said that the High Court had stayed the process of land conversions in Kodagu stating that the No Objection Certificate (NoC) for land conversions issued by the committee headed by the Deputy Commissioner is not valid to approve blanket land conversions.

"It is for consideration that conversion of coffee plantation lands, wetlands is in violation of the Karnataka Land Revenue Act, 1964 and there is a High Court order in respect to that. We wish to caution the general public not to invest in purchase of any sites in the layouts being advertised in Kodagu as they may lose their hard-earned money due to purchase of illegally converted sites," he stated

Advocate Deepak addressing the press meet in city recently as Col. (retd.) C.P. Muthanna** (centre) **and Environment and Health Foundation Convener Roy Bopanna look on.

"Most of the layouts being established in Kodagu are by the rich and influential people. We request these people not to destroy Kodagu, the catchment area for River Cauvery for the sake of personal gain and we appeal to them to cancel their plans to establish commercial layouts in Kodagu and to return the money that they have taken from the purchasers," Col. Muthanna added.

"The High Court is aware of the dangers of permitting commercial land conversion in the district given the environmental sensitivity of the region. These conversions pave way for greater urbanisation of Kodagu and will sound the death knell to River Cauvery which is the lifeline for crores of people in the downstream," advocate Deepak said.

The land conversion in Kodagu district pertaining to coffee plantation land, wetland (Jamma and Sagu land) and Baane land (Jamma Baane and Sagu Bane) would be in violation of the provisions of the Karnataka Land Revenue Act, 1964, he noted.

Will end corruption, ensure law and order

Chamaraja Congress contestant K. Harish Gowda

Chamaraja Assembly Constituency in the city boasts of having the highest number of educated voters. However, with the Assembly elections scheduled for May 10, it has become a prestigious battleground for the native residents of Kannegowdana Koppal (K.G. Koppal).

In this new scenario, K. Harish Gowda, who previously ran as an independent in the 2018 elections and gained 21,282 votes (15.14 percent of total votes cast in the Constituency), has become the Congress candidate this time around.

With a team of young campaigners, Gowda has been actively canvassing for support. He took some time to share his thoughts with Star of Mysore. Here are some excerpts.

K. Harish Gowda

By S.B. Devaraj

Star of Mysore (SOM): How do you feel about the opportunity to contest the election with Congress, a national party?

Harish Gowda: There were two strong contenders for the ticket in Chamaraja Constituency, but I was chosen by the party High Command, including AICC President M. Mallikarjun Kharge, former Chief Minister Siddharamaiah and KPCC President D.K. Shivakumar. It's definitely an honour to be a candidate of a national party like Congress, but it also comes with added responsibility.

SOM: You ran as an independent in the last election, but this time you are running with Congress. How have the voters responded to you?

Harish Gowda: In the previous election, my friends and well-wishers supported me despite not having the backing of any national party. This time around, I have the support of several National, State and local leaders who have emboldened me. People have welcomed me like their own affectionate son wherever I go, and they have pledged their support to me, promising to vote me to victory. I am confident of winning the election and am filled with hope.

SOM: Do you have any knowledge of the grievances related to the Constituency?

Harish Gowda: Yes, I have been involved in various service activities in the Constituency for the past 15 years, so I am well aware of the issues that people face. I have also given thought to solving these issues. Providing solutions to pressing issues is not only about building and asphalting roads, but it is also the responsibility of an MLA to address them.

SOM: If you win, what will be your top priority?

Harish Gowda: My first priority will be to establish a corruption-free administration in the Constituency. I will also focus on maintaining law and order and ensuring the distribution of title deeds to those who do not have a roof over their heads.

SOM: What is your promise to the voters?

Harish Gowda: My promise to the voters is to address the long-pending demand for granting Ashraya Houses and sites and to work towards addressing the grievances of the people. I aim to create an environment where even those in the remotest areas can reach out to me for solutions to their problems. I will honestly work towards ensuring that Government facilities reach all sections of society.

SOM: Have any serious issues been brought up by the voters during your canvassing?

Harish Gowda: Yes, voters have expressed concerns about the lack of law and order in the Constituency and the need to create a peaceful atmosphere. I have also been made aware of issues related to inflation, unemployment and partisan attitudes that are widely prevalent. If elected, I will focus on solving these problems as an MLA.

SOM: How is the support of youth voters? Are there any tactics in play to attract them?

Harish Gowda: The majority of the youth voters in the Constituency are in my favour, and I did not find it necessary to specifically target them during the election campaign. Over the past 15 years, I have worked alongside the youth, sharing in their joys and sorrows.

I received over 20,000 votes as an independent candidate in the previous election, all due to the support of these young friends. As I am contesting from Congress, a national party this time, they are working with more enthusiasm and striving hard for my victory.

SVEEP Committee organises bullock carts jatha to create awareness about voting

Mysuru, May 7 (TRR)- Nanjangud Taluk Systematic Voters Education and Electoral Participation (SVEEP) Committee had organised a bullock cart jatha, which is a quintessential of rural life, to create awareness about voting among the rural folk.

At Hullahalli village, Taluk Assistant Accounts Officer Srikantanayaka and Taluk Programme Coordinator Gurumahadevu flagged off the bullock cart jatha. Taluk Panchayat and Gram Panchayat officials, staff and women of Sanjeevini Sangha boarded the Carts and created voting awareness by appealing people to vote compulsorily on May 10.

More than 20 bullock carts and 10 Swachhata Vahini vehicles passed through the main streets of Hullahalli village and created awareness about the importance of voting.

Taluk Panchayat Staff, Taluk's National Rural Livelihood Mission (NRLM) staff, Hullahalli Hobli level Panchyat Development Officials and staff and others participated in the jatha.

Yakshagana this evening

Mysuru, May 7- Yakshagana 'Maruthi Prathapa,' directed by Keremane Shivarama Hegde, will be presented by Sri Idagunji Mahaganapathi Yakshagana Mandali at Sri Krishna Gana Sabha in Gokulam at 6 pm today (May 7).

The programme is organised in memory of late M. Govinda Rao and late D. Rama Bai, parents of Dr. M. Jagannath Shenoy, Managing Trustee, Mangalore Ganesha Beedi Works, Mysuru.

On this occasion, Jois Kala Prathistana's Namratha Jois will be honoured with 'Udhayonmukha Yuvaprathibe' title.

WORD OF THE DAY

Vicissitudes

Pronunciation: vuh-SISS-uh-toodz.
Meaning: The word vicissitudes usually refers to events or situations that occur by chance. It can also apply specifically to the difficulties or hardships, usually beyond one's control, that are commonly encountered in a life, career, etc., or simply to the quality or state of being changeable.
Origin: In one entry of his nine-volume biography of Walt Whitman's later years, Horace L. Traubel quotes the Good Gray Poet remarking on an in-process manuscript: "If we keep pegging away slowly but persistently, the book must in the end come out—if I should last, and I guess I will. But we mustn't crow until we've left the last limit of the woods behind us—till we're clean out into the open. The vicissitudes are many — the certainties few." Whitman's reflection sheds some light on vicissitudes (the singular form vicissitude is rare but also extant), a word that can refer simply to the fact of change, or to instances of it, but that often refers specifically to hardships or difficulties brought about by change. To survive "the vicissitudes of life" is to survive life's ups and downs, which is more than worth sounding one's "barbaric yawp" about over the roofs of the world. The word is a descendant of the Latin vicis, meaning "change" or "alternation."
Example: "Picture a majestic coniferous forest. The hierarchy in scale and time is pine needle, tree crown, patch, stand, whole forest, and biome. The needles change annually with the seasons. The tree crowns over several years. The patch after many decades. The stand every hundred years or so. The forest over a thousand years. And the biome over tens of thousands of years. The different layers allow the entire system to roll with the vicissitudes and stresses of crowding, parasites, weather, disease, and fire. Continuity is maintained without sacrificing adaptation." — Jacob L. Taylor

THE ODD WORD

Valienton

Bully, braggard.

PHRASE OF THE DAY

Variety is the spice of life

Meaning: When you use the phrase 'Variety is the spice of life' you mean that doing a lot of different things and interacting with all sorts of people, etc. is a way to make life more interesting.
Origin: The phrase 'Variety is the spice of life' was first seen in 1785, in William Cowper's poem The Task: "Variety is the very spice of life, that gives it all its flavor."
Example: "I know we usually spend summers at the beach, but I'm thinking we should try camping. After all, variety is the spice of life."

QUOTE BOX

The future belongs to those who believe in the beauty of their dreams.

— Eleanor Roosevelt

RIDDLE THIS

Solve the rebus:

• OF ON

Answer :Point of no return.

Sudoku is a number-placing puzzle based on a 9x9 grid with several given numbers. The object is to place the numbers 1 to 9 in the empty squares so that each row, each column and each 3x3 box contains the same number only once. The difficulty level of the Concept is Sudoku increases from Monday to Sunday.

CRYPTOQUIP

The Cryptoquip is a substitution cipher in which one letter stands for another. If you think that X equals O, it will equal O throughout the puzzle. Single letters, short words and words using an apostrophe give you clues to locating vowels. Solution is by trial and error.
